

Mixing Colours

Today we did a simple activity using paints in primary colours (red, yellow and blue) to create new colours.

WE USED:

- * sheet of cardboard (we just used some scrap card)
- * coloured sticker dots (could also just use texta)
 - * marker
- * bottoms cut from plastic milk bottles
- * strong glue
- * yellow, blue and red paint
- * paintbrush

And red and yellow to make orange.

Our new paint colours!
